

Clan Crusader

This is our Clan Crusader. The car arrived in bits on a trailer with a van full of spare parts.

We have removed all mechanicals and rebuilt it, New clutch, drive shafts, headlight pods, replaced seats and made new runners, filled in old sun roof and fitted glass one, replaced rear lights with hillman imp ones, made and covered door cards, modified locks with mini ones, refurbed all dials and clocks, replaced door glass with rally type acrylic, made a new interior panels and carpet set, resprayed the car and even made parts using a 3d printer (rear view mirror mount, wiper collars, and switch panel and much more.
