ABOUT US >

Room at the Inn is the charity that was launched after the closure of the old Warrington YMCA.

We provide daytime services to homeless and vulnerable people and a 22-bed emergency accommodation unit in Museum Street. Our ethos is to help people to access the services they need to go forward with their lives. Our dedicated staff and volunteers support people through very difficult times and help them to find a better future. Not everyone, without help, will be able to move forward because of the challenges that

they have.
