

St Georges Day Run

This year's St. Georges Day Drive it Day featured a diverse array of cars. The NWCC award for car of the run was presented to an exceptional Wolseley, owned by Jeff. Teresa provided photographs of the event.

Our next event is

St Georges day run. MEMBERS ONLY.

if your not booked in please see our events page

Paul's Truck

350ci small blk V8, air ride, original patina.

St Georges Day Run (DATE)

There has been some confusion on the date of the St Georges Day Run. The date is 21st April and NOT 28th. Booking for club members is via our website.

Cheshire Lanes Mini MEG's Day out

Members of a car club met at Lymm service station for a day's outing with classic cars. After mechanical issues with a Stag, including a stuck carburetor valve, were addressed with on-hand tools, the convoy, led by Antony, experienced a few navigational hiccups. They reached Adam Sykes' place for pastries and coffee, where Geoff later joined, having fixed his car. Thanks were given to Chris and Adam for organizing and hospitality.

I'm adding the Wolesley 1500 to the MGA and 'Frogeye' Sprite collection. At least I can get out whatever the weather now.

Gigantic Jumble Walton Hall

Reminder there is a gigantic Jumble at Walton Hall this Sunday.

Further details can be found

Chris Lee's Mini Cooper RSP

I have owned this RSP since 1990 having bought it new. It has now covered over 140,000 miles and is still on its original engine and gearbox.

The engine, brakes and suspension have been enhanced to improve comfort, handling and to make it capable of keeping up with modern traffic.

We have used the car as an official vehicle on car runs and rallies (including the Welsh World Rally GB) and have taken part in many events. Recently the car was on television as part of one of Micheal Portillo's programmes.
