

St Roccas 2018 Charity

The clubs chosen charity for 2018 is St Roccas

About St Rocco's Hospice

St Rocco's Hospice provides specialist care and support across Warrington, helping those who are coping with a life-limiting illness.

We promote physical, social, psychological and spiritual wellbeing for patients with life-limiting illness, and, in doing so, places patients, carers and families at the heart of everything we do.

Here to help: a place of care, a tower of strength

St Rocco's Hospice supports the borough of Warrington, a community of over 200,000 people. We provide highly specialised care – along with a wide range of services – to support those who have been diagnosed with illnesses which are terminal, or life-limiting.

Care that's not available elsewhere

Many of our people are trained to a very high level, and provide services which are not readily available elsewhere in the area – working with other healthcare professionals, such as your GP or hospital.

A registered charity, dependent on your support

All of the care we provide is free, for both patients and their carers. We don't even charge for car parking. Yet only around a third of our funding is provided by the NHS; the rest comes directly from the wonderful community which we support – via fundraising activities such as sponsorships, legacies (money left in wills) and donations – and through our many shops and the hospice lottery. Without your help, we couldn't provide the care we do.

More than just a building

St. Rocco's has inpatient beds, provides day therapy care, living well services, a neighbourhood support service and Hospice At Home service.

19/02/2019

Dear Members of North West Casual Classics,

On behalf of the team at St. Rocco's, I would like to say a huge thank you for raising an amazing £2,012.45 from your fundraising activities throughout 2018. This is a fantastic amount and we're so grateful for your support. Your kindness helps us to continue providing quality care to our patients and support to their loved ones. Please pass on our sincere thanks to everyone involved.

The money raised will help to fund all areas of St. Rocco's. The Hospice runs 365 days of the year and we rely so much on our local community for funding meaning we can place patients, carers and families at the heart of everything we do.

As you may already know, we are proud to be a Hospice without Walls offering care both in the Hospice building and out in the community. Our services include; our Hospice at Home, in patient unit and Vitality Centre. We provide complementary therapies such as reflexology and reiki. We also have a family support team that are dedicated to helping those touched by terminal illness. All of these services focus on enabling people to live life to the full and are provided free to patients and their families, but we can only do this because of the generosity of supporters like you.

If you would like to visit the hospice and see first-hand how your support is making a difference to patients and their families please contact fundraising on 01925 575780 or email fundraising@stroccos.org.uk.

Once again, thank you so much for your very kind support.

Kind Regards

Katie Lawson
